EXPERIENCE THE
ENVISION DIFFERENCE

Pressure makes diamonds.

The only composite decking made using compression molding, our proprietary Compress Technology uses tremendous heat and pressure to physically bond the materials together - creating decking that's not just stunningly beautiful but dense, strong, and engineered to last.

The look you crave.

Go bold or go simple – with deep, non-repeating grains paired with options ranging from multiple colors and highlights in each board to striking, solid colors; you can design a deck that perfectly matches your personality and style. Use a single perfect color, add accents, or mix and match to find your own singular design – the choice is yours.

Strong to the core.

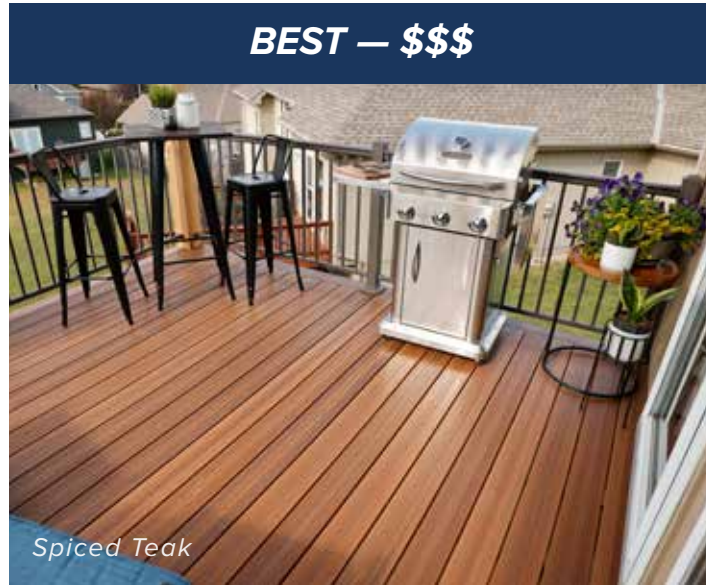

The core of all our boards is built on EverGrain – decking that's trusted in national parks, stadiums, amusement and water parks, and homes across the country. It helps make our decking durable and resilient.

DECKING COLLECTIONS

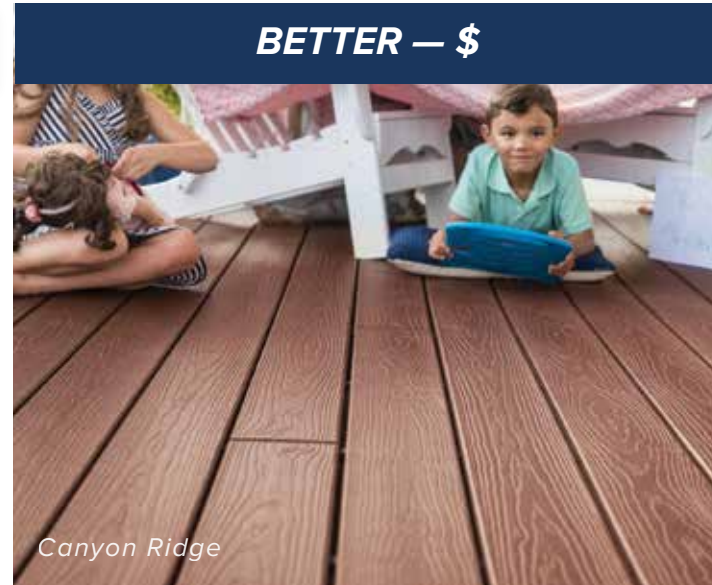

Choose What's Right for You!

The unique combination of craftsmanship and technology that goes into our decking sets us apart from the rest. Exceptional color options and deep, non-repeating grain offer a warmth and charm you won't find in any other decking. All our collections are the same dimensions, allowing you to use a single color, add accents, or mix and match to find your own unique design.

EVERGRAIN[®]

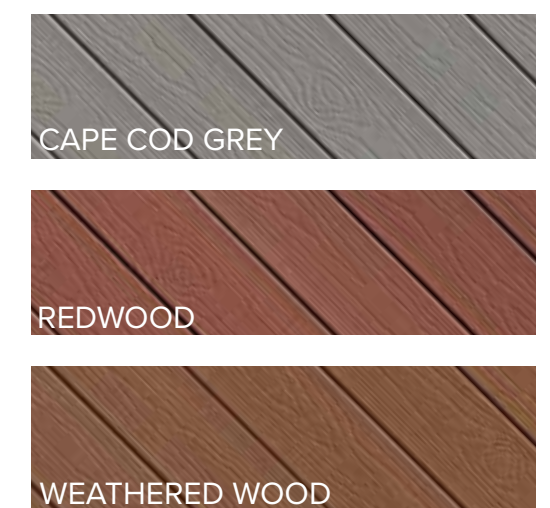

NATURAL BEAUTY

EverGrain sets the standard in composite decking with its deep-grain and solid color options. Featuring timeless textures and a pronounced pattern, this uncapped board captures the essence of natural wood.

BOARD PROFILES

CHOOSE FROM 3 CLASSIC COLORS

Colors will usually weather to a lighter shade within the first several months of exposure to the environment.

FASTENERS

Make your deck barefoot friendly with strong and secure fastening. Regardless of the style you prefer, our fastening options offer a clean and safe finish for your deck.

COMPOSITE DECK SCREWS

Designed to face fasten square edge boards in any environment. Available in color match stainless steel or epoxy-coated screws for all our decking colors.

EVERCLIP HIDDEN FASTENERS

Designed for use with grooved edge composite deck boards for a continuous finish with no visible screw heads.

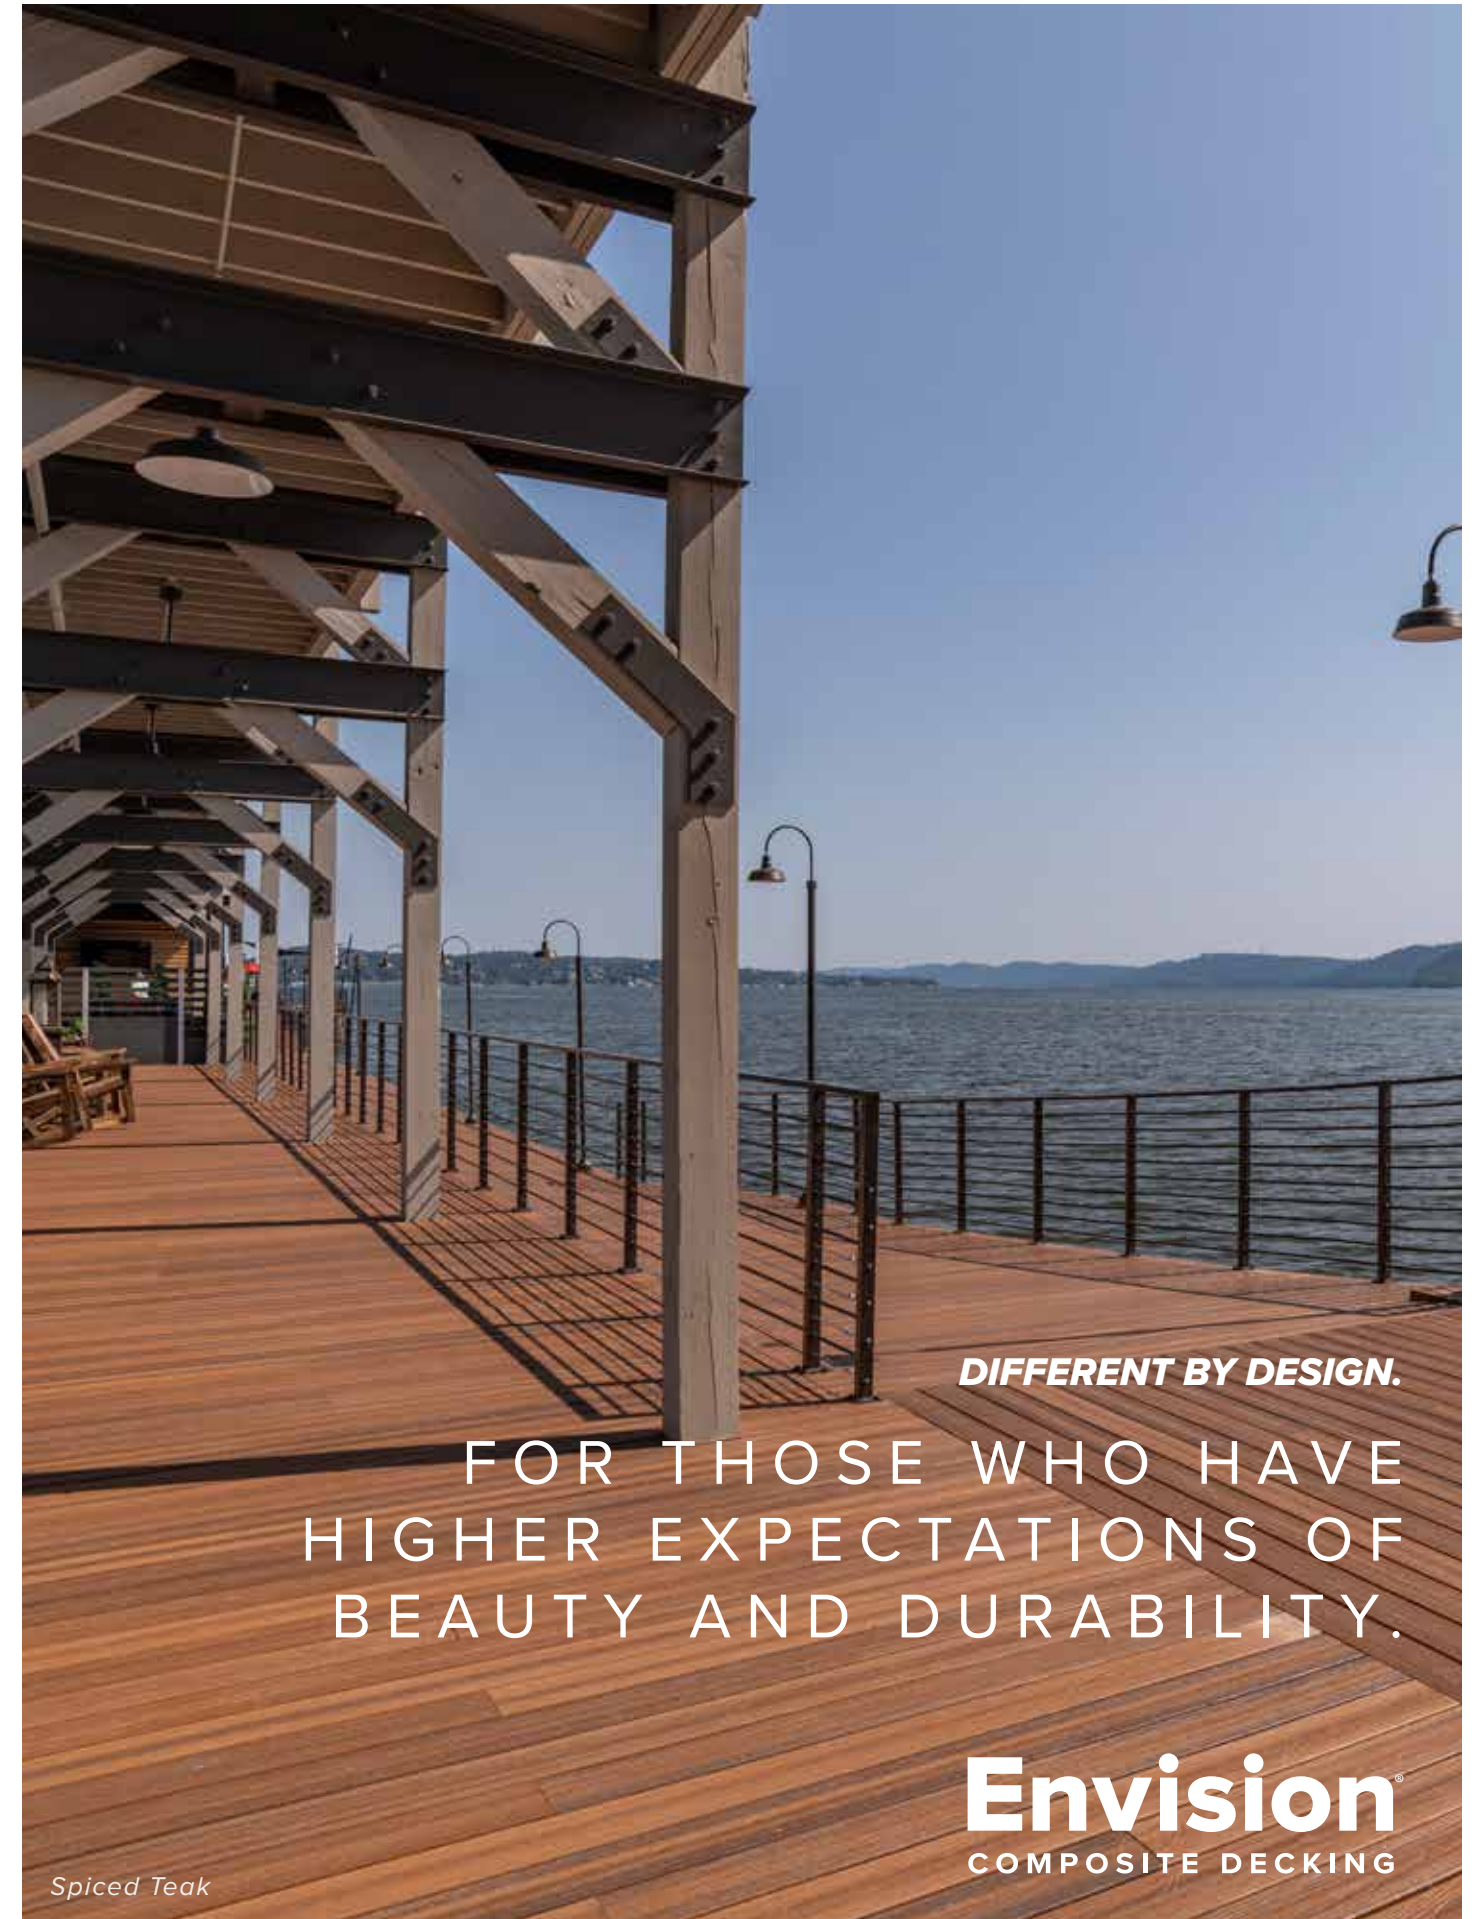

DECKFAST FASCIA FASTENING SYSTEM

Designed to face fasten fascia/skirting boards, allowing fewer fasteners used per foot. Available in color match stainless steel or epoxy-coated screws for all our skirting colors.

PRO PLUG HIDDEN FASTENING SYSTEM

Designed for use with square edge composite deck boards for a seamless finish with no visible screw heads. Now available for all our decking colors, including our fluted profile Ridge Premium.

COMPOSITE DECKING

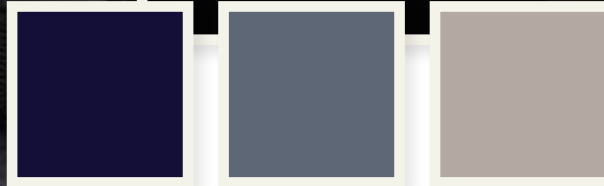

Spiced Teak

Consider adding pin lights to the railing to create an ambiance.

Want to use your deck in the colder months? Wood or gas fire features are the way to go!

Our take on the modern farmhouse gives this Ridge Premium Gunstock deck a rustic twist on a modern home. Paired with textured bronze aluminum railing and black horizontal balusters, this deck becomes the perfect canvas for inviting your indoors, out.

Bar carts make great accent pieces and an even better entertaining accessory.

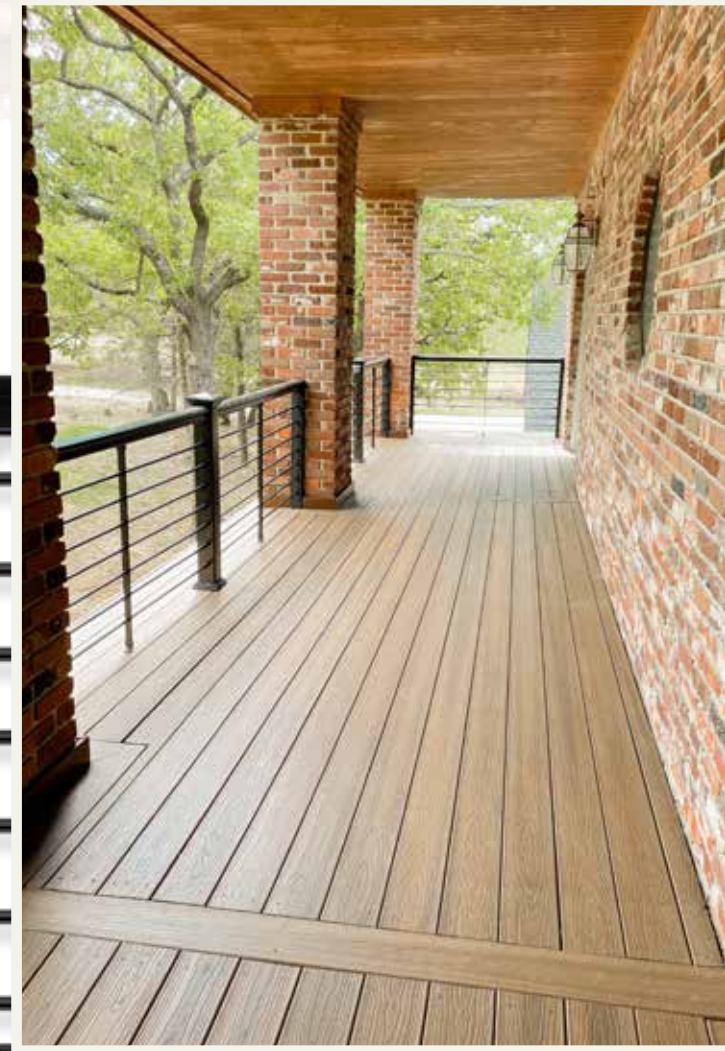

Modern Farmhouse

Blank Canvas?

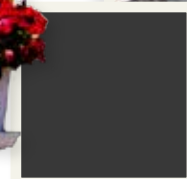

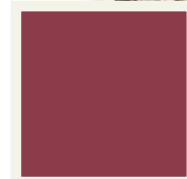

No problem.

Grab your two favorite decking and railing combos. For this we will use Vintage Oak in the Ridge Premium Collection and black composite railing.

This combo is popular for its stunning contrast and equally simple base for any design style.

Adding flower pots or flower boxes adds life and vibrancy to your blank canvas.
